MISSION: To inspire and enable evidence-informed policies and practices that improve the health of people and communities.

VISION: Facilitating community health improvements. Impacting state and national policy.

GOALS & STRATEGIES

GOAL 1
Be, and be known as, a source for evidence-based, non-partisan information on key health policy issues and trends

STRATEGIES:
1. Provide clients with objective, clinically relevant analyses and actionable recommendations
2. Provide trusted, timely analysis and survey research to the public, policymakers and other stakeholders
3. Building on the success of the CHRT Policy Fellowship, develop and implement a variety of high quality learning opportunities in health and human services policy
4. Build our reputation among community members and decision leaders across multiple sectors

GOAL 2
Help community-based health collaborations improve population health and magnify their impact

STRATEGIES:
1. Support capacity and engagement of multi-stakeholder collaborations
2. Promote the benefit and impact of community-based collaborations
3. Help local and regional communities develop new multi-stakeholder health collaborations

GOAL 3
Build the evidence base for local and state programs that can be replicated and scaled to improve health and social welfare

STRATEGIES:
1. Engage in demonstration projects that have the potential for significant impact
2. Provide high quality program evaluation services to help clients demonstrate impact
3. Test a variety of service and systems integration approaches to improve health and social welfare.
